**WAUSAU SCHOOL DISTRICT**  
**ANNUAL ASBESTOS NOTIFICATION**  
**2018 - 2019**

**OFFICIAL NOTICE TO ALL EMPLOYEES, STUDENTS, PARENTS, AND PUBLIC**

This notice has been written to comply with the Federal Environmental Protection Agency (EPA) Asbestos Hazard Emergency Response Act (AHERA) regulations requiring yearly notification of asbestos activities within the Wausau School District.

An Asbestos Management Plan was developed in 1988 and has been continually maintained and updated since that time. The Management Plan is available to anyone for viewing by visiting the Maintenance and Operations Building, 750 W. Pardee Street, during normal business hours.

Abatement of asbestos containing building materials is performed when necessary by accredited persons prior to disturbance during scheduled renovation or construction projects. During the summer of 2017, asbestos abatement was performed prior to construction or maintenance activities at Franklin Elementary School, Hawthorn Hills Elementary School, Hewitt-Texas Elementary School, and John Muir Middle School.

Any future asbestos activities will again be published along with the annual written notice. If you have any questions regarding this matter, feel free to contact Larry Cihlar, Director of Building and Grounds, at 715-261-0800.
