

FIND YOUR VOICE!

Join the Wausau Conservatory Youth Choirs!

The Wausau Conservatory Choirs provide new opportunities that help develop a love in choral musicianship not found anywhere else in the area. Along with the joy of singing with others, we offer fun and interactive programming that enhances the experience through music education in vocal technique, music theory, and understanding of multiple types of music. As your voice and musical abilities grow, so will your confidence, discipline and opportunities to use your skills in other avenues in school and the community!
